

## 2007 Overview

The FCSC continued its mission of support of the CCP by raising over ¥67 million through events, letter campaigns, and corporate sponsorships. Deep thanks to all our supporters for sharing in our mission!

Thirteen Charity Runs across Japan (from Hokkaido to Hiroshima) were supported by Citigroup Japan, the Charity Run National Sponsor. Through their generous support, the Charity Runs provided thousands with an outdoor activity highlighting physical fitness and social awareness and at the same time raised funds to continue support of the CCP.

Leading by example, the American Chamber of Commerce in Japan's (ACCI) Community Service Fund generously supported the Tokyo YMCA's Ohisama Summer Camp for Learning Disabilities children.

State Street Bank supported the Tokyo YMCA's Free School Programs through a cash donation and employee volunteer support (musical band) of the Free School Concert. Their 7th year of devoted support!

Credit Suisse supported the Saitama YMCA's Clover Educational Program for 45 children with Learning Disabilities helping to improve communication skills, attention levels, and learning abilities.

Johnson Controls Inc provided donations to assist nine YMCA centres' CCP programs as well as provide volunteer support to various activities including the Charity Runs.

Thanks to the generous support of the Hilton Japan which allowed us to maximize event proceeds, the Gala Charity Ball helped introduce our mission, gave us the opportunity to express our gratitude to many of our steadfast supporters, and in the process raise more funds for the CCP.

With the generous support of Ambassador Joseph Caron and the Canadian Embassy, our supporters were treated to fantastic performances by electrical violinist Sarina and latin band Tempo Vivo.

Our Wheelchair Access Map (WAM) volunteer activity launched in 2007 and will become a tremendous activity to encourage volunteerism and improve resources for those in wheelchairs.
